

County Hospital Brings Home Health

Wave 2-16-84

Wasatch County Hospital Home Health Care Program is health care brought to the home for patients of all ages requiring services due to acute illness, chronic illness, disability or terminal illness in order to help achieve or sustain the optimum state of health.

Home health is designed to bring the resources of a hospital-skilled professionals, specialized equipment and personal care into the comfortable and familiar setting of your home. This means the hospital can send skilled nurses, home aides, physical or respiratory therapists and other professionals to your home depending on your needs.

Who qualified for home health care:

Home bound patients.

Patients requiring skilled treatment.

Patients requiring rehabilitative treatment.

Patients receiving physician's orders for home health care.

How is home health care paid for:

Medicare

Medicaid

Long Term Care Month

Celebrated Sept. 28

27 Sep 1984 Wave

An Open House will be held behind the Wasatch County Hospital for the residents of the hospital's Long Term Care facility and for all the residents of our community.

The schedule for the celebration will be as follows:

1:30 p.m. Music by the Dave Heslington Blue Grass Band

2:00 p.m. "The Special Delivery Six Divers" will land.

2:10 p.m. A surprise delivery by the sky divers.

2:15 p.m. Wayne Terry, Administrator, will give a welcome message and special presentation.

2:30 p.m. A fun treat from Skippers Parrots

2:50 p.m. "The Dave Heslington Blue Grass Band" will perform as refreshments are served.

We would appreciate your support for our hospital and all citizens of the community. No charge!
